Boarding since: 2004...but I have almost 650 days since I started.

About you: I still want a pet tiger but may have to settle for a golden retriever and one of those ocelot-like cats that Paris Hilton has. I used to be a competitive synchronized swimmer in high school. My parents never took me skiing. One time they took me to Ober Gatlinburg in Tennessee and we rode up the tram and and went to rent gear and my dad decided at the last minute that the resort was too small and unsafe so we only went ice skating.

Favourite Resort: Jackson Hole Mountain Resort

Summer Activity: Lots of swimming, trail running, urban free-running (aka climbing up things and jumping off of them), making cute and dangerous art, starting my own business (so I don't have to work for other people like I am doing now)...and of course snowboarding in New Zealand!

About you: It was challenging filling in the nationality because your selection doesn't include the Bahamas. Although Kory was on the Canadian National team last year, he didn't make it back on again for this season, and is in discussions with the Bahamas (where he was born) to compete for them. Any chance you could add the Bahamas to your list of countries? Thanks.
